AMENDMENT NO. 1 MARCH 2015
TO
IS 9798 : 2013 LOW PRESSURE REGULATORS FOR USE WITH LIQUEFIED PETROLEUM GAS (LPG) MIXTURES

(Second Revision)

(*Page* 1, *clause* **4.2**) — Insert the following note at the end of clause:

'NOTE — During die casting process, chromium gets added in the regulator body, cover and re-used zinc due to high content of chromium in the die punch. Hence, permissible limit of chromium is 0.02 percent.'

(MED 16)
